Professional Summary

Frontend Developer with **3.4+ years** of experience building scalable, high-performance web applications using React.js, Next.js, TypeScript, Redux Toolkit, and AEM. **Experienced in developing** real-time systems using WebSocket, **optimizing UI performance through** code splitting and lazy loading, **and delivering** responsive and accessible interfaces. **Worked on** Chrome Extensions and cross-platform mobile apps using React Native. **Basic experience with** Python (FastAPI) and MongoDB CRUD operations. **Proven ability to collaborate in** Agile environments **and deliver production-ready solutions.**

Technical Skills

- **Frontend Technologies:** React.js, Next.js, JavaScript (ES6+), TypeScript, React Native, HTML5, CSS3, Sass, Tailwind CSS, Material UI
 - **State Management:** Redux toolkit & Context
 - **API & Realtime:** REST APIs, Axios, WebSocket, JSON
 - **Backend:** Python (Fast API)
 - **Database:** MongoDB
 - **Tools & Version Control:** Git, GitHub, Bitbucket, Azure DevOps, Chrome Extension APIs
 - **CMS & Platforms:** AEM
 - **Performance & Optimization:** Code Splitting, Lazy Loading, Responsive Design, Rendering Optimization
-

Work Experience

Software Engineer | Agiliztech Software Private Limited, Bengaluru

Nov 2022 – Till Now

Project 1: Showcasa-AI (web)

AI media generation platform producing images, videos, reels, cartoons and podcasts from prompts.

Technologies: React.js, Material UI, WebSocket, Framer Motion

Responsibilities:

- Built scalable and reusable React component architecture to support efficient UI development across the application.
- Implemented **real-time AI generation updates using WebSocket.**
- Developed **smooth animations with Framer Motion** for enhanced user interaction.
- Improved performance through **lazy loading and code splitting.**

Project 2: Showcasa-AI — Chrome Extension (Try On Studio)

Description:

AI virtual Try on Studio extension for e-commerce platforms.

Technologies: React.js, Material UI, WebSocket, Chrome Extension APIs

Role: Front-End Developer Responsibilities:

- Built Chrome extension injecting **AI Try-On panel on shopping websites.**
- Implemented **real-time outfit preview generation** via WebSocket.
- Managed **Chrome local/session storage** for persistent UI state.
- Resolved event listener duplication issue to stabilize Chrome extension notification handling.

Project 3: Showcasa-AI — Mobile Application (React Native)

Description

Cross-platform mobile application for AI media generation.

Technologies: React Native, GitHub Copilot

Role: Front-End Developer Responsibilities:

- Developed cross-platform UI for AI media generation modules.
- Built performance-optimized screens for real-time AI output preview.
- Integrated APIs to deliver AI generated media on mobile.

Additional Projects 4: SpendWorkz & Leap Reward

- Developed **React-based UI components** for supplier management and reward systems.
- Implemented **Redux state management** and responsive UI with **Tailwind and Material UI**.
- Optimized UI performance and improved user experience.

Technologies: React.js, Material UI, Tailwind.

Project 5: SAAS Migration-Adobe Experience Manager (AEM)

- Description A robust content management solution (CMS) project focused on building and migrating websites for different clients to **AEM**

Technologies: AEM, HTML5, CSS3, JavaScript, Sass

Responsibilities:

- Developed reusable **AEM components** using **HTML5, CSS3, JS and Sass**.
- Assisted with **website migration and CMS integration**.

Certification Details:

React JS Frontend Development Certification

Vasavi Creation CSC center Thuraiyur, Tamil Nadu.

6-month intensive program covering React, JavaScript ES6+, and responsive UI development.

Competencies & Soft Skills

- Strong problem-solving and debugging skills in Frontend development.
- Experience working in **Agile/Scrum environments** with cross-functional teams.
- Efficient in Optimizing UI Performance and User Experience
- Passionate about **learning and adopting new technologies**.
- Strong communication skills and ability to interact with senior stakeholders.
